

MIG GUN EXCHANGE

GET THE BEST MIG GUN SOLUTION FOR YOUR NEEDS

Take advantage of our MIG Gun Exchange Program, offering the flexibility to swap any Bernard® or Tregaskiss® MIG Gun from your Miller® Industrial MIG package for the perfect fit, even after your purchase.

HOW IT WORKS

PRE-PURCHASE EXCHANGE

- 01** Your Miller® Industrial MIG package order will specify the included MIG gun. Use the MIG Gun Configurator to select the best replacement gun for your application.
- 02** When Ordering: Add the replacement gun to your initial purchase order and label it “Replacement Gun Request.” Clearly indicate the gun you wish to exchange.
- 03** Miller® will process the order accordingly. To ensure fast and efficient service, please include all required details in your initial purchase order.

POST-PURCHASE EXCHANGE

- 01** If your package has already shipped, you can still exchange the original gun within 30 days, provided it remains unused. Follow the same process outlined above.

THE DETAILS

Eligible Guns: Bernard® and Tregaskiss® MIG Guns shipped with Miller® Industrial packages.

Exclusions: Miller MDX™ and Miller Aluma-Pro™ MIG Guns are not eligible.

Timing: Replacements must be ordered within 30 days of the feeder shipment date.

Note: Exchanges for Millermatic® 355 packages must be completed post-sale through Bernard Customer Service.
